Tommy Hilfiger was at the opening of the eco-friendly 1 Hotel South Beach Wednesday night, even though the fashion designer is renovating the Raleigh Hotel a few blocks away.

But Hilfiger wasn't there for design inspiration.

"It will be totally different, because mine will be vintage, but I love what they did," Hilfiger said of the sleek, minimalist designed 1 Hotel.

Hilfiger and his wife, Dee, joined Bob Sinclair, **Tom Colicchio**, **Paris Hilton**, Barbara Becker and Paul Oakenfold at the opening party, held at the hotel's rooftop bar and lounge, where all toasted the opening with owners **Barry Sternlicht** and Richard LeFrak.
